A motion was made by James MacDonald and seconded by Robert Russell that the Selectmen be authorized to borrow \$3,900.00 for the purchase of a backhoe attachment for our Payloader. This loan to be paid off in three equal yearly payments with Interest, beginning April 1, 1957.

A motion then was made by Charles Doherty and seconded by Roland Bourassa that this article be taken up by secret ballot.

A discussion followed in which James MacDonald told the voters that he thought this backhoe would save the Town a lot of money in digging up sewers, etc. He said that to rent one of these machines cost the Town approximately \$12.00 an hour. If the Town had one of their own they could rent it out when not in use which would help pay for the attachment.

Charles Doherty asked if anyone had thoroughly investigated the merits of this payloader. He said it was his opinion, along with a good many other reliable contractors, that a backhoe would be useless in this section because of the rocky terrain. He stated that Caledonia Sand & Gravel, contractors will not work in this section because of the rocks and ledges encountered in digging.

## TOWN OF LINCOLN

---

Joseph Landry stated that he was certain a backhoe would work here because the sewers and pipe lines had been dug previously either by hand or machine; the rocks would not hinder the backhoe's performance.

Moderator Maguire at the end of the above discussion, instructed the ballot clerks to pass ballots around to the voters. He instructed the voters to vote "yes" if they wished the article to be passed as read from the Town warrant, and "no" if they were not in favor.

---

Moderator James Maguire brought up the fact that last year we passed a motion to appoint a recreation committee, but no term was designated as to whether the committee was to serve one year, two years or three years.

James MacDonald made a motion that the present committee members serve indefinitely.

George Boyle stated he did not think this a good idea; he found that some of the members do not work too well together and that he would like to see a committee elected every year thus giving all the voters an equal opportunity to serve on the committee if chosen.

James MacDonald withdrew his previous motion and made a motion that the Moderator appoint a new committee each year. This motion was seconded by George Boyle.

## TOWN OF LINCOLN

---

Charles Doherty stated that he thought the Chief of Police should be included in the recreation committee as he was in close contact with children a good part of his time. He then went on to amend the motion made by James MacDonald and seconded by George Boyle to the effect that the Chief of Police be appointed to serve on this committee. His motion was seconded by Arthur Salem.

The following committee was appointed by Moderator James Maguire to serve on the recreation committee for the year ensuing:

Four Salk Polio Vaccine Clinics were conducted during the year. Those in the age group 1 year to 15 years received their two inoculations at the first two clinics. At the two following clinics, the older group namely 15 to 20 year olds, received their two inoculations. This means that in this area, which consists of Thornton, Woodstock and Lincoln, (449) four hundred and forty-nine individuals have received two inoculations. No person was given the Salk Vaccine without written permission.

As this report goes to press, plans are made for an early January clinic, at which time the third shot will be given.

These clinics are sponsored by the New Hampshire State Department of Health and the District Nurse, Mrs. Loretta Russell, R. N., representing the Department of Health.

The Child Health Clinic conducted in the Spring for preschool children was well attended. At that time vaccinations were done and Triple Toxoid, a preventative against Whooping Cough, Tetanus and Diphtheria was also given. A physical examination could be had upon request.

I feel sure that the report of all these clinics would not be complete without expressing gratitude to those civic minded ladies of No. Woodstock and Lincoln, who gave their time so willingly and worked so efficiently. Gratitude is also expressed to Dr. W. T. Seales and Dr. L. B. Copenhagen for their cooperation.

One hundred and fifty visits were made to the schools. Nurses examinations of one hundred and ninety-one pupils consisted of the following: vision tests, checking of throats, teeth, weights and heights. Parents and teachers are advised of any defects found.

Two pupils attended four of the Therapy Clinics held in Littleton. One child returned to the Crotched Mountain Crippled Children Center for brace adjustment. Two children had appointments with Ear Specialists. Two had appointments with Eye Specialists.

Hearing tests are to be given this winter.

High school students taking part in any kind of sports were given their examinations by Dr. Seales.

Respectfully submitted,

NORA E. PARENT, R.N.,  
District Nurse

### YOUR TOWN DUMP

#### Use It Freely

#### Care For It

Your town dump has been set up for your personal convenience. It provides a suitable place where you can dispose of the large amounts of dangerous, inflammable waste material and other useless items which accumulate around your household and local stores, brush, etc., cut on your property. The town dump has become a valuable and indispensable asset in modern community life.

The most successful town dumps are supervised — regular days provided for their use and inflammable material consistently burned. The town dump which receives no attention, where waste material is scattered about without supervision of any description, soon becomes a community menace and a liability rather than an asset.

Many people still burn debris around their homes. A large number of such fires get out of control causing unnecessary damage and expense to the burner. Why burn at home? Make use of your town dump and eliminate the hazard of burning. It will be easier for you — personally and financially.

If, however, you do burn on your premises

1. Secure a permit from your local forest fire warden—the law requires it.  
The warden won't refuse you if conditions are safe.
2. Be sure to properly supervise your burning.  
Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

### SCHOOL BOARD'S REPORT

---

To the Voters of Lincoln:

The School Board feels that substantial progress was made in the physical rehabilitation program set down several years ago to recondition the school properties and bring them as up-to-date as possible. Briefly, most of the money was spent in fireproofing both boiler rooms (a sadly needed job), installing a fire escape on the Grammar School, building a boys toilet in the Grammar School, and completely rebuilding and refurnishing the lunch room in the same building. With the coming year, the latter will be finished as planned, and with its completion it is expected that the Town will have a room where community functions can be held up to the limit of 200 people. In addition to these changes the Committee installed new furniture in two more classrooms. Two years more should see all major replacements and refurbishing of the buildings executed.

For the coming year it is expected that a few minor alterations will be made in the Grammar School to complete the plan outlined for fire escape, several more rooms refurnished, window trim repainted in both buildings, the gym floor refinished, the lunch room expanded, the girls toilet adjacent thereto rebuilt, the woodworking room converted into a classroom in the high school, the science room in the same building altered to make a more serviceable classroom, and possible changes made in the teaching facilities of the Home Economics room.

As usual, replacements of outmoded and outworn equipment will be made, and efforts expended to increase the efficiency of the teaching aids that modern educational changes require.

## TOWN OF LINCOLN

---

The student integration with Woodstock high school pupils has worked out well and the bugs that may have been developing in such a major effort have been fairly well eliminated. This is due in no small degree to the pupils themselves being pleased at the addition of their neighbors as colleagues, as well as to the fine adjustment made by the teaching staff to the increased problems arising from the increased enrollment. The Committee thus is indebted to the co-operative and able teaching staff it has been working with and to the Superintendent for his able assistance. It is to be hoped that all will be with us next year.

Your Committee has committed itself to raises for all members of the staffs of both schools as the proposed budget for next year will disclose. Efforts are being made to acquire a full time music teacher—one who can teach instrumental as well as choral work, and perhaps handle one or two courses in textbook instruction. A more equitable distribution of custodial work has been worked out between the two men now performing that function, and it is hoped that this area of school operations has been improved. An additional bus was put on to handle transportation more easily and the Committee feels that many minor complaints in this business have thereby been eliminated.

Last September Mrs. Sargent Goodhue tendered her resignation as a member of the Committee and it was regretfully accepted. She performed an able and devoted service for Lincoln, and her departure to another town is really our loss. Mr. Lester Sargent was named to fill out her year and so far has shown an active and sincere interest in his duties.

## TOWN OF LINCOLN

---

As usual, the concentrated effort of all was to better scholarship and discipline. It is noted that good discipline in schools has been a running mate for diminished juvenile delinquency. Athletics still is at a low ebb competitively. It is expected that the late trend downwards has ceased and that for the next few years our athletic star will be in the ascendancy. If good health makes for good sports, we should be near the top, for the student health is exceptionally good.

Respectfully submitted,  
CHARLES GRIFFIN,  
Chairman
